WARRANTY POLICY

LF Avionics, Corp. stands behind the quality of its workmanship and the materials supplied in connection with its repair and overhaul services. Warranty coverage is provided subject to the following terms, conditions, limitations, and exclusions.

1. BENCH TEST / INSPECTION

Components submitted for **Bench Test and/or Inspection only**, and determined to meet the tolerances and requirements specified by the applicable manufacturer's technical data, are released **without warranty**.

No warranty, expressed or implied, applies to components for which LF Avionics has not performed a repair or overhaul.

2. REPAIR WARRANTY

Components **Repaired** by LF Avionics are warranted for a period of **six (6) months from the date of the applicable FAA Form 8130-3**.

Warranty coverage is limited exclusively to:

- Workmanship performed by LF Avionics; and
- Parts and materials supplied and replaced by LF Avionics during the applicable repair.

The warranty does not provide coverage for the entire component or for failures unrelated to the work performed by LF Avionics.

Customer-supplied parts/materials and accessories or subcomponents not serviced by LF Avionics are specifically excluded from warranty coverage.

3. OVERHAUL WARRANTY

Components **Overhauled** by LF Avionics are warranted for a period of **twelve (12) months from the date of the applicable FAA Form 8130-3**.

Warranty coverage is limited to LF Avionics' workmanship and the parts/materials supplied and replaced by LF Avionics as part of the applicable overhaul.

Customer-supplied parts/materials and accessories or subcomponents not serviced by LF Avionics are excluded from warranty coverage.

4. WARRANTY CLAIM EVALUATION

The return of a component during the applicable warranty period does **not automatically constitute an approved warranty claim**.

LF Avionics, Corp
FAA# LFA206E / EASA.145.8082 /
UK.145.50660
3555 NW 60th ST, Miami FL 33142
Phone: (754) 217-0109 Email: Repairs@lfavionics.com

All reported warranty claims are subject to inspection, testing, and evaluation by LF Avionics to determine whether the reported discrepancy is directly attributable to LF Avionics' workmanship or to parts/materials supplied and replaced by LF Avionics during the previous repair or overhaul.

If the warranty claim is approved, LF Avionics' obligation shall be limited to correcting the affected workmanship and/or repairing or replacing the applicable LF-supplied parts/materials responsible for the covered defect.

5. WARRANTY EXCLUSIONS

Warranty coverage may be denied when the reported condition or failure results from, or the component has been subjected to, any of the following:

1. Failure to pay for the applicable services in accordance with the agreed payment terms.
2. Shipping or transportation damage.
3. Improper installation, removal, handling, or operation.
4. Misuse, abuse, mistreatment, or operation outside the manufacturer's specified limitations.
5. Unauthorized disassembly, adjustment, alteration, repair, or attempted repair after release by LF Avionics.
6. Repair or alteration by another repair facility or third party.
7. Broken, removed, damaged, or altered LF Avionics warranty seals.
8. Improper storage, handling, or environmental conditions.
9. Failure of a part, accessory, or subcomponent that was not serviced, supplied, or replaced by LF Avionics during the applicable repair.
10. Any discrepancy determined by LF Avionics to be unrelated to the workmanship or parts/materials covered by the original service.

6. WARRANTY CLAIM PROCEDURE

The customer must notify LF Avionics of the reported discrepancy **within thirty (30) days of discovery** and within the applicable warranty period.

The component must be returned to LF Avionics for evaluation within the timeframe authorized by LF Avionics.

Unless otherwise agreed to in writing, all transportation, freight, customs, duties, and other costs associated with returning the component to LF Avionics are the responsibility of the customer.

The component must not be disassembled, repaired, altered, or subjected to third-party maintenance before LF Avionics has been provided the opportunity to evaluate the reported discrepancy.

7. WARRANTY REMEDY

For a claim determined by LF Avionics to be covered under this warranty, LF Avionics will, at its discretion, **repair, correct, or replace the affected workmanship or LF-supplied parts/materials** necessary to correct the covered discrepancy.

Warranty coverage does not extend to unrelated component failures or work beyond the scope of the original repair or overhaul.

8. WARRANTY STATEMENT

LF Avionics, Corp. warrants that components serviced by its facility will, at the time of shipment, be free from defects in LF Avionics' workmanship and in the parts/materials supplied and replaced by LF Avionics, subject to the terms, limitations, and exclusions contained in this Warranty Policy.
